

1-31-21

Our very dear Family in Christ at Immanuel!

*Well...**we've made it to the end of the first month** of the New Year and along with it, all the changes it has brought!!...Without knowing Christ as our Savior I am not sure how one would be able to meet the future head on! But we who know Jesus as our personal Lord, we know we ARE safe and secure in His Loving Hands...it just might be more than a challenge to us who are vulnerable!! One thing is sure...God has NOT changed and He is the same yesterday-today and forever!! (Heb 13:8)*

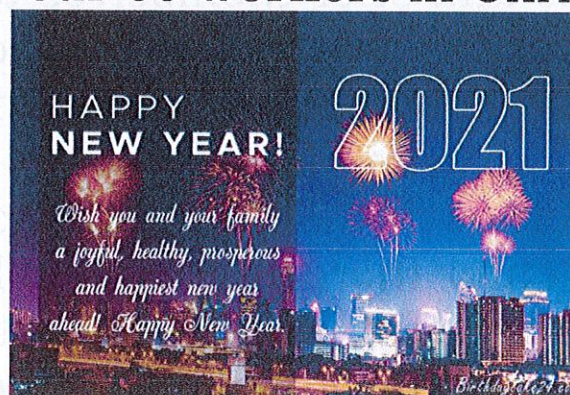

The need for laborers out in the fields as well,~ that has not *changed* either! Many of our own laborers in Ethnos 360 are facing old age head on and are realizing we need young blood to take over the jobs they are doing! Know any healthy Godly folks, still not too old that would be willing to step up to the base and offer themselves to God to be used in the work of New Tribes Mission? I am just more comfortable using that name, forgive me please! From our own air arm facility here in AZ. to the hub of Ethnos 360 in Florida and to the Retirement Center there. They are looking for replacements for every kind of important job! If **you** are interested, or know of someone **you** could

challenge, please ask them to consider a change in their life-style ok? Give me a call!!

Thanks!

You dear Ones at Immanuel have certainly done an important job already in keeping us going here! **You** have sacrificed and shared your paychecks with us and for that we are so very grateful! We are humbled indeed by **your** generosity towards us! Without you we could not carry on here...We just lost 4 supporters these past few months and they were faithful til the end in meeting our needs. We mourn with the families that have lost their loved ones...Our supporters! We are so blessed indeed as to how God lays us upon the hearts of **YOU**, His people! *We always receive the gifts **you** send to us thru our Mission headquarters and accept them as Christmas gifts or love gifts :) We thank God for putting **you** into our lives but never expected that we'd be going thru life together until we were 80 and that you'd stick with us for this long!! We are honored indeed! There are no words to explain how we feel towards **you** dear One! God bless **you** in this New Year of challenges! I think we all are facing hardships and losses and so let's hang on together to God's precious Promises as we walk this path of life together. May we count it all joy to live for Him in these last days.***Your co-workers** in Christ-**The Dyes**

Paul
