

Praise the Lord and exalt His name! Praise Him for His mighty acts; Praise Him according to His excellent greatness! Ps. 150:2 (NKJV)

1. If you recall, in 2020, we had mentioned an R66 helicopter that Larry and other maintenance specialists here in-training spent valuable time on for another organization to use in the Philippines. Well, a few months ago, the opportunity arose to buy that same helicopter from them for an excellent price and in addition to that blessing — it is already in country available to be flown by our missionary pilots to be used in remote settings for church planting opportunities!

2. Another Huge Praise: The Lord Provided an R66 helicopter for Papua New Guinea through a financial donor to Ethnos360 Aviation. This same couple drove all the way to Arizona to be a part of outfitting this helicopter with a float kit, Larry enjoyed working together with this gentleman to prepare this rotor craft for its field of service.

3. More Exciting News: Last month, the Lord provided finances through another supporter for the mission to buy an R66 helicopter for a country that we serve in Asia Pacific. This is beyond our wildest imagination and dreams, to see our God supply the mission with equipment to build His church!!

Marveling at God's amazing provision for our Mission Aviation team causes Larry and I to reflect and respond with heartfelt gladness for how the Lord has provided for our personal needs, as well, through dedicated partners like yourselves who generously give gifts and regularly offer prayers so that we can continue to minister with Ethnos360 Aviation.

We say a resounding THANK YOU!!!

A Golden Anniversary at the Stevens' 2021 Reunion

Celebrating 50 years of marriage for Kim's parents (Gary & Karen Stevens) brought the family together for a memorable reunion. It had been 11 years since our last fun family gathering! Hopefully, it will not be that long till our next get-together!!

Prayer:

- Six new families will be arriving for training in August so please pray for Kim and the hostess team as they prepare and furnish trailers for these young families on top of accommodating visitors at our guest house.
- Pray for more laborers as we are seeing a tremendous shortage in our mission's positions and places where we serve. We continue to ask the Lord to send godly men and women to be a part of reaching the unreached.
- Pray for Spirit led interactions and opportunities to build relationships and make significant connections with the students this year as they prepare for the incredible task ahead.

Bruno & Suellen are heading back to Brazil as a family after their 1 & a 1/2 year of training. Bruno passed all necessary requirements and is a qualified licensed helicopter pilot and instructor.

— Alicia was hired by another company, so she has begun working remotely again, for which she is thrilled. Thank you for praying!!

— Austin works for a company who contracts with military and fire-fighters. His job is working maintenance on Boeing 737s, while retaining Air National Guard status.

We are blessed with our family
