

We are excited to announce the launch of a preaching course in Poland entitled *Equipped to Preach the Word*. This is a project that our team in Siedlce has been working on for over a year, and we are extremely pleased with the final product. We believe that the task of preaching the word of God is both essential and foundational to the health of the church of Jesus Christ in Poland. Toward that end, this course is a resource now available in the Polish language for free to anyone with an internet connection.

The course is designed to develop faithful and effective preachers of the Bible. *Equipped to Preach the Word* is taught by David Jackman and produced by Proclamation Trust in London. Jackman, who studied under JI Packer and John Stott, founded the Cornhill Training Course in 1991. He is the author of many books on the subject of preaching and was the president of Proclamation Trust and the Director of Cornhill Training Center for years. We are so grateful for this partnership with Proclamation Trust. Without their help and support, this project would not have been possible.

Please pray with us that this resource will be greatly used by God to train and equip many preachers to boldly proclaim God's word in Poland. May the Word of God plainly preached in Poland bring about a reformation in the church that will then pour out into the entire country.
