

Hello dear friends in Saginaw!

Forgive us please for being VERY delinquent in writing! I KNEW that once classes started, life would kick into a faster mode, and it has! Somehow, us old-timers take longer to do things (at lease that's MY excuse) :-} We LOVE what we're doing and are SO thankful for the privilege and ability to still be a part of training our young missionary candidates, but I must admit --- it takes more out of us now! I don't know how many times I've started letters to you! I'm so sorry! We love you dearly and so, SO appreciate your gift each month! It's truly a HUGE help and blessing! We have lost a couple more supporters due to age and "graduation"! Graduation heavenward! Our sweet friend and supporter, Helen had supported us fifty dollars for almost 55 years!!! That's amazing, isn't it!? And she prayed faithfully for us!

Paul spent a good share of his summer re-vamping the power point for teaching the NTM (Ethnos360) History classes. A big part of what took him so long was researching and attaching all the resources for quotes and information used in his presentation. This will allow those in the future that will teach this course will know where to find the information. There's a whole lot of information to distill down into SIX hours and he prayerfully goes about, not just giving out information, but also relating the HEART of our "founding fathers" as he tells the stories.

We are a month into our "mentoring ministry" and are TOTALLY enjoying getting to know the five couples and three singles in our group. We've been hearing their testimonies and love to hear how God has directed them here to the training program. The neat thing is that we have the next two years to be involved in their lives and we look forward to what we will learn from them also!

How we pray that this finds each of you well, and rejoicing in the Lord, enjoying sweet fellowship together and with Him! Please know that we appreciate you beyond words! Thank you SO much for your gift each month of \$250! What a huge blessing!!! We think of you often and praise God for your lives.

Joyfully in His service!

Faith and Paul Wyma
