

May 17, 2023

Hello dear friends,

Here we are at the end of another semester! Can it be that we've had two years with this young couple and we've grown to love and appreciate them SO much! Ronnie is an MK from Venezuela --- his parents work with an indigenous tribe in that country and Lexie is a sweet Alabama girl who loves the Lord and desires to reach the lost with her husband. That cute little face is Juaquin, who was born last summer. He's just as charismatic and loves people as much as his parents! What a joy it has been to spend time sharing in each other's lives and talking about the hard stuff and the joyous and growing in our walks with our Lord! They are now members of Ethnos360 and are stepping into the next phase of their journey which involves gathering a team to partner with them prayerfully and financially.

We remember those days (a mere 56 years ago) as we stepped out by faith, trusting our God for a team to join us as we went to Bolivia with our one-year-old son! We can boldly testify to them of God's faithfulness to us all these years! We have always wanted to be a "good investment" for you who've supported us! Many of these dear ones have proceeded us to heaven now, yet God continues to faithfully supply all our needs! We have always said that each month is a miracle and it continues to be this way. We just never cease to be amazed at how He does it! How blessed we are to have you as partners of our team and we hope you will be encouraged as you look at the faces of this young couple and realize that YOU have "invested" and had a part in preparing them for taking the Gospel to the unreached. You have "invested" in their training! We get letters from former students who are scattered, literally, across the globe! Africa, Papua New Guinea, Indonesia, Bolivia, Paraguay, Brazil and many other countries where these graduates are serving, and YOU have a part in this! Your "investment" is reaping great rewards! We will all someday stand before our God and lay beautiful crowns at His feet --- praising and worshipping Him. Your Ayore brothers and sisters will be right beside you --- all the different tongues will join in one voice together, exalting our Lord and Savior! WOW! Our "investment" is eternal!

Thank you for being our friends and a part of our team! You are such a blessing and encouragement to us! We are going to attach an article that you might appreciate . It explains the training that Ethnos360 (NtM) provides for career missionaries. Two years of training sounds like a lot, but this will explain what all takes place. <https://elink.clickdimensions.com/m/1/80902172/02-b23136-f8a3a90546fa408b87abb18638cdfa9e/1/88/66c7c127-6df6-497b-8d06-1770182b459b>

God bless and keep you! Have a wonderful summer and let's continue to "invest" in the eternal together!

Paul and Faith Wyma
