Winter 2024

How fast this year is going! We are looking forward to various meetings and conferences coming up this year. The above is a poster that we will use to promote the work of Ethnos360. It is exciting to be a part of what God is doing around the world. There are so many who are yet to hear the good news of the gospel. So many support positions need to be filled to move forward this work of reaching the unreached. Perhaps you could fill a need.

Accountants, supply buyers, teachers, dorm parents,
ground keepers, builders, cooks, plumbers, housekeepers, IT,
computer maintenance etc., etc.

As many of you know I work as a volunteer with Global Media Outreach. GMO is an online service that provides a witness to the unsaved and help to believers who want to grow. A common answer I give to a person who has professed belief in Jesus for the first time is that they should read the Bible daily and get involved in a local church. Unfortunately, many new believers around the world do not have a gospel preaching church to attend. The need is great! What advice would give a person when there is no local gospel preaching Church? Daily I am answering 10 contacts. Some need help with the ? "how do I grow stronger as a believer". Some want guidance for their lives when they have failed to walk with the Lord.

Please be in prayer:
