Isolated believers were encouraged!

Dear Companions of the Road,

April 30, 2024

The believers in Watchenvogo live out in the "bush" at the northwestern edge of Nyarafololand,. A village to the south helps by sending someone to teach them, but they truly feel isolated and have suffered persecution. So the newly organized Youth Evangelism Group chose them as their first outreach project.. The group includes a representative from every Baptist church in the region where Nyarafolos gather.

The theme of this Bible conference was "living in unity in your Christian community." Pastor Bruno, from a church in Ferke, based his teaching on Acts 2:42-47. In Jerusalem, after the Holy Spirit's ministry at Pentecost, the believers met together faithfully with joy and humility, and supported each other. People around them continued to come to Christ. Many of the Watchenvogo participants shared how deeply this had touched them.

You can see that the crowd was so big they could not meet in the little church building. They gathered outdoors under a temporary canopy for protection from the sun. Finishing up, they joined hands in a circle to dedicate themselves to community love.

Kifory, who works on the Nyarafolo Translation Project, is secretary of the Youth Evangelism Group and sent this update. He said that an elderly woman who was not from that village attended the service one night, very interested.

And although there was rain one night that shortened the planned program, otherwise everything worked out.

When the last conference was held their over six years ago, the only available water source (a nearby stream) was poisoned by opponents. Now they have their own pump in their village, and there were no attacks.

We praise the Lord for his ministry to these dear people this past weekend, and for the way he is energizing the Nyarafolo believers to reach out and truly encourage one another on the Journey!

The Good News was shared in Tatchenvogo!

Back behind Ferke Mountain (the one Linn climbed in February), there is a village with just one person who knows Jesus, a woman who has been finding her way to Ferke on Sundays to attend the Nyarafolo church group at the Laanvira Baptist Church. That fellowship group went out to her village this past weekend Friday and Saturday to show the Jesus Film, in two segments.

Since the film is now in Nyarafolo, an excited crowd gathered to see this phenomenon.

There were challenges that the outreach team felt were Enemy attacks, especially the first night. Rain fell, at first. Then there were technical issues with sound and the projection. So the team bowed and prayed. It all got resolved!

The second night there were heavy clouds but no rain. And the equipment worked.

Moise, the man with the mike in the photo above, said that after each showing there was also an explanation given, since the content of the Good News about Jesus Christ is so new to a group like this. The crowd seemed extremely interested.

We praise the Lord for this opportunity, and especially for the testimony of answered prayer right there before the eyes of the crowd! Now let's pray for the seed that was planted to take root!

(Note: the photos above were taken years ago at other venues, but illustrate this kind of outing.)

We are so grateful for your partnership in prayer!
