

*Be Still
and
Know That
I Am God*
Psalm 46:10

A very Good Afternoon to you!!

We hope all is well in your household! Our house is a bit untidy but we are surviving :) Seeing doctors almost daily there for awhile..then we stopped and celebrated our oldest son's 57th birthday! His older sister Lisa turned 60 in April and us...we will celebrate 61 years of marriage on May 18th! Hard to believe all this time has passed and we are still around! And to think that Paul Dye stuck it out so long being married to me- a girl whose parents separated but thank God...my MOM,my Sis& I finally came to the Lord. We had a good church family where we were taught the Word of God.

*Now after our years in S.A.,(Paul&I), are formally known as Ethnos360 Aviation.here in AZ., We are part of the fellowship but the best part is that OUR Son and Daughter are our neighbors and helpers! They work hard here at the Mission! **We have it made!!** Living here in our home,We get to see and share our lives with the students that come and go and it's been a real blessing for us to be here as Retirees. Larry, our son, is head of the maintenance training for the men, and that is training for helicopters and fixed wing aircraft. That indeed is a full time job! Larry flew 15 yrs ON THE FIELD OF VENEZUELA...in a fixed wing 185 and had experience also in a 206! So he can share much with his students. If you come to visit... I'll ask him to give you a ride :)*

Paul has experienced God's help and presence with him as he drives to the local prison! He ministers to All kinds and all ages! Tough when they are so young and now facing a long prison term. Please pray specifically that the inmates will make wise choices and that God would provide a good wife for them,

Our Son Luke who is the pastor of Whitestone Community church in Oconomowoc, WI.(24 yrs there) (turning 52 in June)there with the elders, broke ground a couple weeks ago, and now they are going to build an addition to the present building. Tis hard as a MOM to be so far away from our family there in WI. when such exciting things are happening(! Now I know what my dear Mom went thru with her two daughters, serving the Lord in a country, miles away! (No cell phones back then! :) just a letter every month or two!) We feel bad that we aren't seeing our grand kids grow up and not spending time with them:(Guess that is why the thought of Heaven gets dearer...No more goodbyes or missing our family and friends! -Pauls two sisters are in MI. and are older than we are! Its been more than 6 yrs that we've been together! But TODAY we have our phones and Paul can see them and talk with them! What a blessing for them and for me to be able to see my GREAT Grands in Spokane!! Well, like I have said before,"This growing old certainly isn't for the faint-hearted!" and these "Golden Years" are a bit tainted!!

It is indeed comforting to know you are praying for us! KEEP LOOKING UP for our REDEMPTION

DRAWS NEAR!"

-PERHAPS TODAY!

PAUL & PAT DYE
